

Robert Voss CBE

A MESSAGE TO ALL THOSE WORKING IN THE EAST & NORTH HERTS NHS TRUST

As Her Majesty's personal representative in Hertfordshire it is my great honour and privilege to have the opportunity to say a huge THANK YOU to everyone working in the front line of the NHS risking your lives to save ours.

During these unprecedented times-the jobs you are doing and the manner in which you are carrying out your work-way and beyond the call of duty- is to be applauded by everyone in the county of Hertfordshire and beyond.

There are no better examples of selflessness than seeing and hearing about the work being carried by you all who are "at the coal face" - doctors, nurses, porters, clinical assistants, patient services assistants, cleaners, ambulance drivers, volunteers and all the others who keep the hospitals running at this very difficult time.

I can assure you that like most people I am aware of the extremely difficult conditions under which you are working at present and your devotion to duty is a shining example to us all.

On behalf of Her Majesty I thank you most sincerely and wish you all well.

Robert Voss CBE CStJ

Her Majesty's Lord-Lieutenant of Hertfordshire
